

Emergency Support Function #13: Public Safety and Law Enforcement

Lead Agency:

- N.H. Dept. of Safety, Division of State Police (NHSP)

Support Agencies:

- N.H. Dept. of Resources and Economic Development (DRED), Division of Forests and Lands
- N.H. Dept. of Fish and Game (F&G)
- N.H. Dept. of Safety, Division of State Police, Bureau of Marine Patrol
- N.H. Dept. of Safety, Division of Fire Safety (DFS)
- N.H. Dept. of Corrections
- N.H. Liquor Commission
- N.H. Police Standards and Training
- County Sheriff Departments
- N.H. Office of the Attorney General
- N.H. National Guard

INTRODUCTION

A. PURPOSE

The purpose of Emergency Support Function #13 – Public Safety and Law Enforcement (ESF #13) is to establish procedures for the command, control and coordination of all State law enforcement personnel and equipment to support local law enforcement agencies and state activities during emergencies. ESF #13 also establishes procedures for the use of requested N.H. National Guard in security missions. ESF #13 activities include: credentialing and access control at the incident site, site security, traffic and crowd control, assistance for evacuations, guarding essential facilities, utilities and supplies, analyzing conditions and making public safety and security recommendations, assisting in developing appropriate warnings to the affected public, providing security for the Strategic National Stockpile, assisting with reconnaissance and surveillance, coordinating early criminal investigative activity, providing safety and security training for responders, and identifying and coordinating contracted services for public safety and security missions.

B. SCOPE

Effective law enforcement is essential during emergencies or disasters to ensure protection of lives, critical infrastructure and other property. Local law enforcement officials are responsible for enforcement of laws, traffic control, investigation of crimes, and other public safety activities within their jurisdictions. State assets which may be committed are primarily those of the Department of Public Safety, Division of State Police, Office of the Fire Marshal, Marine Patrol, Department of Resources and Economic Development (DRED), Department of Fish & Game, Office and the Department of Corrections, NH State Liquor Commission with support from several other state departments/agencies. Upon request, the N.H. National Guard may also accept some security activities. Resources obtainable by ESF #13 will be used to assist the following:

- Supporting and coordinating with department/agencies, municipalities, and state and federal organizations;
- Enforcing federal, state and local laws;

- Containing riots and other civil unrest requiring law enforcement capabilities;
- Investigations;
- Warning and evacuations;
- Aerial reconnaissance and transportation;
- Search and rescue;
- Emergency medical services;
- Communications;
- Access control and emergency escorting;
- Enforcement of emergency traffic and public safety regulations;
- Providing resources in support of local and mutual aid regions/districts;
- Coordinating and mobilizing emergency services and safety, law enforcement and protection issues that have, or threaten to, become disasters;
- Prioritizing and initiating emergency work tasking;
- Assisting with the identification of obstructions and damage to the State critical infrastructure and facilities (transportation, water, electrical, natural gas, sewage, hazardous materials and hazardous waste sites – generation, distribution, collection, storage and disposal), as well as general impact assessment in support of State Emergency Response priorities; and,
- Providing personnel for field operations as requested and required.

When ESF #13 is activated, resources will be provided through requests directly to the State Emergency Operations Center (SEOC). The Division of State Police is the lead agency for ESF #13. ESF #13, as with all other ESF and Support Agencies, may also obtain resources through coordination with ESF #7 – Resource Support and from agency related local, State, regional, national, public and private associations or groups. Coordination will also occur with the Private Sector Support for acquisition of needed resources.

SITUATION AND PLANNING ASSUMPTIONS

A. SITUATION

When an emergency situation is anticipated or occurs, the Department of Safety, Division of State Police will dispatch sworn personnel from the nearest State Police Troop Station to the affected area to establish mutual aid liaisons and monitor the situation. Those personnel will coordinate any requests for additional State law enforcement resources from within the affected area of the State and make requested resources immediately available to the local law enforcement agency(s). Coordination of the use of State resources will be accomplished for local law enforcement by the Troop Commander or a designee from the nearest New Hampshire State Police Troop Station. Should the situation escalate or require at the onset additional State law enforcement resources from outside the affected area, such resources will be dispatched in conjunction with other State law enforcement agency(s) through requests for ESF #13 at the SEOC.

B. PLANNING ASSUMPTIONS

1. Local jurisdictions or organizations will exhaust their law enforcement resources before seeking assistance from the N.H. State Police.
2. State agency personnel and resources will provide assistance, as available, during an emergency or disaster. The emergency may require HAZMAT, Search & Rescue, investigations and other specialized responses that may rely upon assistance from ESF #13.
3. Based on known or projected threats, imminent hazards or predicted disasters that may require additional resources (beyond the capability of a local district or mutual

aid compact), ESF #13 may mobilize resources and stage them at designated locations in a condition to respond if assistance is requested.

4. ESF #13 lead and support agencies will coordinate with all supporting departments/agencies, municipalities, districts, mutual aid compacts and state and federal organizations who may support ESF #13 to ensure operational readiness prior to, during or after an incident, emergency, or disaster.
5. Activities and responsibilities for the ESF unique to specific incidents are covered in the Incident Specific Annexes of the SEOP.

CONCEPT OF OPERATIONS

A. GENERAL

1. The sheriff or chief of police is responsible for law enforcement activities within his/her local jurisdiction and will retain command and control. When state law enforcement personnel and equipment are committed, a member of the NH State Police (NHSP) will be assigned to coordinate state activities with the local law enforcement officer in charge. The N.H. State Police will coordinate activities for all other state law enforcement agencies involved as it relates to general law enforcement duties.
2. Should an emergency situation develop and a local government official determines the need for state law enforcement assistance, and the Governor has not declared a state of emergency, the official should coordinate this request through their local chief of police and/or sheriff. Military support for law enforcement missions will be forwarded to the Commissioner of Safety, or his designee, for action.
3. When the SEOC becomes partially or fully activated, state law enforcement local/regional troop commanders shall begin to coordinate their manpower assignments with the representatives at the SEOC.
4. Representatives from the law enforcement agencies will jointly decide on deployment of personnel and equipment. Individual agencies will maintain operational control of their resources in the field. Personnel assigned to assist local governments should inform the NHSP Troop Commander, or his designee of the conditions found and actions being taken by local and state personnel.
5. The HSEM Information Analysis Center (IAC) continually monitors the threat of terrorist activities in coordination with the Division of Homeland Security and Emergency Management, law enforcement officials of Canada and neighboring Provinces and surrounding States. The NHSP Fusion Center advises the Commissioner of Safety and NHSP Commander of appropriate preventive measures and protective actions. All State and Local agencies that identify a potential threat should report that information to the NHSP and HSEM. Agency preventive measures, protective actions or response actions in accordance with procedures outlined in respective ESF or agency annexes that relate to terrorism or weapons of mass destruction threats or incidents, will be coordinated with HSEM. The Terrorism Annex to the SEOP outlines agency response actions by Threat Condition Level.
6. The N.H. National Guard is activated to State Active Duty (SAD) on approval of the Governor through an Executive Order. National Guard forces are to be deployed on a mission-by-mission basis to assist in the protection of life, property, and maintenance of law and order and will be utilized with, or accompanied by, representatives of supported law enforcement agencies.

7. The National Guard must maintain task force, unit, and detachment integrity at all times. This ensures Guard commanders the ability to coordinate logistical support, mission support, and personnel accountability. Within these constraints outlined above, and with approval from the Governor's Authorized Representative, the National Guard unit commander may, if necessary, commit his troops to any task as the need arises; however, his assigned mission must receive top priority.
8. No use will be made of private security agencies or volunteers unless they are sworn and trained special deputies or auxiliary police. Such personnel will be the responsibility of the public safety agency which appoints and utilizes them. Such personnel will not be used to supplant, but rather supplement, state resources.
9. Equipment/personnel requests and inventories will be made by using the National Incident Management System (NIMS) Resource Typing. Status of committed and uncommitted resources is tracked during activation of the SEOC.
10. Unified Command should be used to manage law enforcement and security assets in the field due to the number and variety of government and private sector organizations that may be involved.

B. ORGANIZATION

1. **Organizational Chart (Command & Control):** ESF #12 shall function under the direction and control of the SEOC Operations Chief. **(See *Organizational Chart in SEOP Base Plan. Chapter IV.4.b*)**
2. **Operational Facilities/Sites/Components:**
 - a. **N.H. State Police Troop Stations –** Under the Field Operations Bureau of the N.H. Division of State Police, uniform patrol and troop level investigative services are carried out within Troop Station jurisdictions. Headquarters for each Troop are:
 - i. Troop A – Epping (Rockingham & Strafford Counties)
 - ii. Troop B – Bedford (Hillsborough County)
 - iii. Troop C - Keene (Sullivan & Cheshire Counties)
 - iv. Troop D – Concord (Merrimack County)
 - v. Troop E – Tamworth (Belknap & Carroll Counties)
 - vi. Troop F – Twin Mountain (Coos & Grafton Counties)
 - vii. Troop G – Commercial Vehicle Enforcement
 - N.H. State Police and Department of Safety also has and maintains specialty bureaus/divisions with subject matter experts, personnel and equipment.
 - b. **N.H. Dept. of Fish & Game- Law Enforcement Districts**
 - i. District 1 – Lancaster (Coos & Northern Grafton Counties)
 - ii. District 2 – New Hampton (Carroll, Belknap & Northern Strafford Counties)
 - iii. District 3 – New Hampton (Central/Southern Grafton, Central/Northern Sullivan, Northern Merrimack Counties)
 - iv. District 4 – Keene (Southern Sullivan, Central/Southwestern Merrimack, Cheshire, Hillsborough Counties)
 - v. District 5 – Concord (Central/southern Merrimack, Rockingham, Southern Strafford Counties)
 - vi. District 6 – Durham (Southern Strafford, Western Rockingham Counties)
 - c. **N.H. Dept. of Resources and Economic Development (DRED0 Districts**

- i. Allenstown (Bear Brook) Office:
 - ii. Eastern Region: Rockingham, Strafford, Hillsborough, Belknap, Carroll counties.
 - iii. Western Region: Merrimack, Sullivan, Cheshire, Lower Grafton counties.
 - iv. Lancaster Office: Coos and Grafton counties.
- d. **Evacuation, Staging, Reception, Sheltering Areas** - In coordination with other ESFs and local entities, identify and maintain routing information to/from staging areas, reception areas, and shelters. Teams may be asked to report for deployment or operational readiness status. Identify routing for special equipment, or other special needs that may occur prior to, during or after an incident.
- e. **Dispatch Centers, Incident Command Posts** - In coordination with other like/similar agencies, state dispatch centers may be established, or current local jurisdiction dispatch centers may be utilized, to support response efforts on behalf of the State. Incident Command Posts (ICP) may also be established at or near the incident from which response personnel may be dispatched to on-the-scene operations.
- f. **Agencies' Emergency Operations Centers** - In addition to receiving ESF #13 missions, agencies may receive additional missions serving in a lead or support role to other emergency support functions. Agencies may use a "central" Emergency Operations Center concept to manage the different roles and accomplish all mission assignments. The "central" Emergency Operation Center is a "clearinghouse" that is used by the agencies to "track" assigned missions, resources committed, resources available, needed support for resources committed, needed contracts and contractors, and many other matters necessary for an effective emergency operation. In addition, some agencies may develop an "inter-agency" emergency operation center that is below the "central" emergency operation center or clearinghouse.
- g. **State Emergency Operations Center Mission Tasking** - The ESF #13 representative will assign request for assistance to the agency or agencies that have the most appropriate resources and expertise to accomplish the task. No agency should be tasked more than another to ensure a balance in "mission" tasking and to maximize the use of all available resources. Mission Tasks will be posted on WebEOC.
- h. **Field Operations** - ESF #13 may serve in Field Operations (i.e., the Forward State Emergency Response Team, Impact Assessment Teams: Rapid Response Team, Preliminary Damage Assessment Team, Disaster Field Office operations, Recovery Center operations, intrastate and/or interstate mutual aid assistance). Since activation of these activities usually occurs early in an event, its activation sequence should be prepared for in the first hours of an event.
- i. **Specialized and Mutual Aid Teams** - Specialized local, Federal and Mutual Aid teams can be brought in as resources if the proper channels for requesting assistance are followed. Proper declarations would be required and requests should be made on an executive level to mobilize, as appropriate. It will be up to the local Incident Commander, in consultation

with the ESF #13 representative in the SEOC to make the determination when and to what extent to utilize volunteer organizations in activities.

- j. **Federal Resources** - When ESF #13 foresees or has a need for resources not otherwise available, action will be taken to secure such resources through the *National Response Framework* (NRF) or some other federal source. Normally, an action to secure a resource from a federal source would be coordinated with/through the State Coordinating Officer and/or the Federal Coordinating Officer. However, if an ESF agency has no recourse through the Federal Emergency Management Agency, that ESF #13 may coordinate directly with the federal agency that can provide the needed federal resource.
- k. **Contracts and Contractors** - Resources that are available through ESF #13 may, at times, best be obtained through a contractor. Agency(ies) contracts may be utilized or access to State of New Hampshire or private sector contracts may be made through coordination with ESF #7. Contractual personnel may not be used to supplant state assets/resources. No use will be made of private security agencies or volunteers unless they are sworn and trained special deputies or auxiliary police. Such personnel will be the responsibility of the public safety agency which appoints and utilizes them.
- l. **Mitigation and/or Redevelopment** - ESF #13 does not have budgetary authority or funds for mitigation or redevelopment needs that result from an emergency or disaster. Therefore, ESF #13 can only provide (as in-kind or matching) professional, technical, and administrative personnel and their use of related equipment for mitigation and redevelopment efforts that may follow an event. Such in-kind or matching resources can be used to support the review, investigation, contracting, and other professional, technical, and administrative tasks generally required for mitigation and/or redevelopment activities.

3. Policies

- a. Actions initiated under ESF #13 are coordinated and conducted cooperatively with State and local incident management officials and with private entities, through coordination with the SEOC. Each supporting agency is responsible for managing its respective assets and resources after receiving direction from the ESF #13 lead agency.
- b. Actions taken during an emergency are guided by and coordinated with state and local emergency preparedness and response officials, Department of Homeland Security officials, appropriate federal agencies, and existing agency internal policies and procedures.
- c. The organizations providing support for each incident coordinate with appropriate ESFs and other agencies, including the Safety Officer, to ensure appropriate use of volunteers and their health and safety and to ensure appropriate measures are in place to protect the health and safety of all workers.
- d. The use of N.H. National Guard assets for security:
Requests to use N.H. National Guard assets (i.e. Civil Support Team) for support to law enforcement will be made through the State EOC and will include a clearly defined the anticipated role for N.H. National Guard forces. N.H. National Guard forces will not be armed without written approval of the Governor. Appropriate force protection rules, and the desired arming level

will be determined by the Governor and Adjutant General in coordination with the New Hampshire Attorney General's office and the N.H. National Guard Judge Advocate General.

PHASED ACTIVITIES

A. PREVENTION ACTIVITIES

These activities, focusing on the protection of life and property, are performed on an on-going basis. They are also performed as a particular incident is on-going to help ensure additional incidents do not occur simultaneously.

B. PREPAREDNESS ACTIVITIES

General

1. Developing plans for the effective response of ESF #13 and protection of public health and security during an emergency incident.
2. Generating information to be included in SEOC briefings, situation reports and/or action plans.
3. Maintaining personnel and equipment in a state of readiness appropriate to existing and anticipated emergency conditions to include mobilizing resources and staging them at various locations.
4. Maintaining a system to recognize credentials of associated agencies.
5. Based upon hazardous conditions, conducting safety education activities for the public.
6. Providing trained personnel for assignment to the SEOC during activation. Assuring sufficient personnel for an extended and/or 24-hour activation period.
7. Releasing information (in coordination with the JIC, if one is established) via news releases, brochures, or websites.
8. Developing and maintaining a database of locations and contact information for ESF #13 resources.
9. Developing procedures to protect public from emergency incidents, including evacuation strategies (in coordination with ESF #1 – Transportation).
10. Developing protocols and maintain liaison with other consulting and incident-related or specific agencies, organizations and associations. Establishing operational needs for law enforcement and security services and personnel during an emergency.
11. Assisting local governments in training of personnel and rescue organizations for security operations.
12. Supporting the Emergency Management Assistance Compact (EMAC) and International Emergency Management Assistance Compact (IEMAC) including training of ESF on EMAC/IEMAC responsibilities, and pre-identification of assets, needs and resources that may be allocated to support other states/provinces.
13. Annually review the Department of Homeland Security Core Capabilities and integrate tasks as appropriate.
14. ESF #13 personnel should be integrating NIMS principles in all planning.
15. Evaluating the probability and time period of the response and/or recovery phases for the event.
16. Conducting and supporting security and special event planning efforts.

C. RESPONSE ACTIVITIES

1. Assigning and scheduling sufficient personnel to cover an activation of the SEOC for an extended period of time. Providing updates and briefings for any new personnel reporting for ESF #13 duty. Maintaining and updating WebEOC as appropriate for all ESF #13 agencies.
2. Evaluating and tasking public safety, law enforcement and security support requests for the threatened and/or impacted area.
3. Supporting local public safety departments, mutual aid compacts with appropriate resources including the deployment of specialized teams and resources. Once resources are requested, providing direct liaison with police chiefs, sheriffs and/or Incident Commanders in affected area.
4. Providing security for the SEOC and other emergency facilities, as requested.
5. Assessing the situation, as requested, to include:
 - a. Potential impact on human health, welfare, cultural resources, safety and the environment;
 - b. Types, availability, and location of response resources, technical support, and firefighting and cleanup services needed; and,
 - c. Priorities for protecting human health, safety, welfare, resources, environment.
6. Supporting requests for investigations and inspections as needed.
7. Assisting in evacuation of individuals and animals in impacted area.
8. Providing public safety and law enforcement information for the public in coordination with PIO/JIC.
9. Assisting, as requested, to help provide temporary access/egress and security of critical facilities/key resources (as requested) and emergency routes as necessary for passage of emergency response personnel and evacuees or surge populations.
10. Assisting with security for response personnel, as requested.
11. Planning and preparing the personnel notification systems to support the requests and directives resulting from a Governor-declared State of Emergency and/or requests for a federal disaster declaration.
12. Coordinating with other ESFs, as necessary.
13. Providing support for any Protective Action Requirements (PAR) the incident requires.
14. Assisting in and coordinating requests for N.H. National Guard assets for ESF #13 missions.
15. Coordinating and preparing for the arrival of federal assets, as requested. Planning and preparing the notifications systems to support the deployment of response personnel.
16. Coordinating with ESF #7 for the location and use of storage sites such as staging areas for the deployment of personnel, assets and materials (including food, specialized equipment, medical supplies, chemicals) into the affected area.
17. Continuing to update WebEOC and mission assignment tasking.
18. Participating in SEOC “After-Action Report” actions.

D. RECOVERY ACTIVITIES:

1. Assigning and scheduling sufficient personnel to cover continued activation of the SEOC.
2. Providing updates and briefings for any new personnel reporting for ESF #13 duty.

3. Maintaining and updating WebEOC as appropriate for all ESF #13 agencies. Seeking information concerning projected date the SEOC will deactivate.
4. Evaluating and tasking ESF #13 support requests for impacted areas during recovery activities. Continuing to coordinate activities and requests with partner ESFs. Coordinating appropriate records of work schedules and costs incurred by ESF #13 agencies during the event.
5. Assisting with security of recovery personnel, as requested.
6. Preparing for the arrival of and coordinating with FEMA ESF #13 personnel.
7. Assisting in reconstitution of law enforcement agencies in impacted area, as requested.
8. Assisting in return of evacuees to impacted area or surge populations back out of areas of safe havens.
9. Generating information to be included in SEOC briefings, situation reports, and/or action plans.
10. Identifying and tracking any lost or damaged equipment and record any personnel injuries or equipment accidents.
11. If mitigation and/or redevelopment phase is probable, start pre-planning actions with agency, State, and/or federal officials. Implementing and monitoring the “After-Action Report” for ESF #13.

E. MITIGATION ACTIVITIES

1. Providing updates and briefings for any new personnel or agencies providing services under ESF #13 for requested mitigation activities.
2. Evaluating the probability and time period of the mitigation and/or redevelopment phase for the event. Collaborating with other ESF agencies regarding mitigation and/or redevelopment activities that may need ESF #13 support. Beginning to plan for and provide support for mitigation and/or redevelopment activities that may begin before SEOC deactivation and continue for several months and require support.
3. Supporting requests and directives resulting for the Governor and/or FEMA concerning mitigation and/or redevelopment activities. Probable requests and directives include establishment of review and study teams, support of local government contracting for mitigation and/or redevelopment needs, and other similar professional, technical, and administrative activities.
4. Generating information to be included in SEOC briefings, situation reports, and/or action plans, as appropriate.
5. Implementing and monitoring the “After-Action Report” for ESF #13, including activities that may need to be incorporated into future activations and plans.

ROLES & RESPONSIBILITIES

A. ACTIVITIES ASSOCIATED WITH FUNCTION:

ESF #13 Lead and Support Agencies activities include:

1. All ESF #13 lead and support agencies will provide credentialed, trained personnel to serve as ESF #13 representatives in the SEOC, as capable. Maintaining and updating WebEOC, points of contact for personnel and resources and available duty rosters.

2. All personnel have access to their agency's available and obtainable resources. The committed and uncommitted status of such resources is continuously tracked during an activation of the SEOC. All personnel have access to appropriate records and data that may be needed for an ESF #13 response (i.e., mutual aid compacts, facilities listings, maps, etc.).
3. Providing support and actively engaging in all ESF #13 missions, as requested.
4. Participating in the evaluation and mission assignment of ESF #13 resource requests submitted to the SEOC including resources that are available through mutual-aid agreements, compacts, and/or FEMA.
5. Supporting the development of situation reports and action plans for ESF #13 during activation of the SEOC.
6. Providing Subject Matter Experts (SME's) as requested to support public notification and information and other emergency response activities.
7. Assisting in revisions/updating of ESF #13 and other appropriate and related response/mitigation plans.
8. Participating in HSEEP-compliant exercises and drills.
9. Working with the Safety Officer to ensure the health and safety of response workers.

B. AGENCY SPECIFIC

1. **Lead Agency: Division of State Police**
 - a. ESF #13 administration, management, planning, training, preparedness, response, recovery, and mitigation/redevelopment activities. Assuring worker safety.
 - b. Assigning personnel to the ESF #13 duty schedule at the SEOC. Providing staffing and resources necessary to conduct impact assessment of the impacted area.
 - c. Developing operating procedures to implement the Public Safety and Law Enforcement Emergency Preparedness/Response/Recovery/Mitigation functions.
 - d. Working with support agencies to assure maintenance and periodic updating/revision of this ESF Appendix.
 - e. Maintaining position logs and mission-tasking in WebEOC.
 - f. Developing and implementing plans for protection of public safety through coordination of law enforcement and investigation mission. Coordinating with other support agencies, ESFs, and external partners to meet mission requirements.
 - g. Providing technical assistance to other ESFs and internal and external partners during emergencies/incidents that have law enforcement and/or public safety components.
 - h. Participating in HSEEP-compliant exercises/drills to test operating procedures. Providing appropriate training to meet ESF mission. Ensuring that all support agencies are included in appropriate training and exercise functions.
 - i. Coordinating release of information on public safety and disaster planning with PIO/JIC through news releases, brochures, websites or other means.
 - j. Coordinating meetings and activations, as necessary, of the appropriate response-related teams, agencies and partners. At such meetings, participants will discuss the operational preparedness and response actions necessary for ESF #13 coverage and responsibilities.

- k. Providing/securing appropriate mappings, floor plans, etc. pertinent to mission response activities, as appropriate.
 - l. Providing security at SEOC and other appropriate incident-related facilities.
 - m. Seeking and securing assistance from other state enforcement personnel, as may be required. Activating regional law enforcement assistance as needed through NESPAC.
 - n. Providing appropriate law enforcement investigations. Arranging for prosecution as required.
 - o. Developing and maintaining a database of points of contact, agency missions, etc. for support agencies.
- 2. Support Agencies:**
- a. **Dept. of Resources and Economic Development – Division of Forest and Land**
 - i. Conducting law enforcement and public safety activities relative to state or agency-owned parks, reservations and forests, including evacuations and closings.
 - ii. Enforcing various forest laws including wildland fire prevention, air quality, timber theft and trespass, deceptive forestry business practices, wetlands, basal area, timber tax, timber harvesting, and forest health.
 - iii. Assisting with establishing, implementing, and maintaining of emergency communications required for public safety and law enforcement.
 - iv. Conducting origin and cause determination on wildland fires and cooperating in prosecutions for wildland arson.
 - v. Monitoring and providing fire weather and danger forecasts to all wildfire suppression forces.
 - vi. Conducting/providing statewide safety training and education including wildfire and wildland and park safety. During incident, coordinating with Incident PIO and/or JIC.
 - vii. Providing incident management teams as requested.
 - b. **Dept. of Fish and Game**
 - i. Conducting law enforcement and public safety activities relative to the state's fish, wildlife and marine resources.
 - ii. Enforcing off-highway recreational vehicle regulations.
 - iii. Assisting with evacuations from forestlands and waterways in the impacted area.
 - iv. Assisting in identifying origin and determination of wildland fires and cooperating in prosecutions for wildland arson.
 - v. Conducting/providing statewide safety training and education including wildfire and wildland and park safety. During incident, coordinating with Incident PIO and/or JIC.
 - vi. Providing incident management teams as requested.
 - c. **Marine Patrol**
 - i. Providing law enforcement on all bodies of water in the State having 10 acres or more, as well as rivers and tidal waters.
 - 1. Enforcement of state boating laws and administrative rules.
 - 2. Enforcement of state criminal laws.
 - 3. Investigation of all boating accidents and drowning.
 - 4. Providing seacoast security.
 - 5. Installation, maintenance, and removal of state owned marine aids to navigation.

- 6. Inspection of commercial vessels and testing of commercial operators.
 - ii. Coordinating evacuations from state waterways and from coastal waters, in coordination with the Coast Guard, from coastal waters.
 - iii. Maintaining inspection records on commercial water vessels.
 - iv. Maintaining lists of all public waterways of 10 acres or more.
 - v. Assessing and reporting damage to state waterways.
 - vi. Conducting/ providing statewide safety training and education including marine vessel safety. During an incident, coordinating with Incident PIO and/or JIC.
- d. **Division of Fire Safety**
 - i. Providing law enforcement as it relates to arson and fire-caused investigations.
 - ii. Providing fire code enforcement, fire public safety and education and carbon monoxide and fire-related death investigations.
 - iii. Assisting in prosecution of arson and fire-related criminal activities.
- e. **Dept. of Corrections**
 - i. As part of the criminal justice system, providing supervision and treatment of offenders and a continuum of services to promote re-entry into society.
 - ii. Providing prison operations throughout the state.
- f. **N.H. Liquor Commission**
 - i. Providing law enforcement personnel as requested.
 - ii. Assisting in prosecution of public safety and law violations.
- g. **N.H. Police Standards and Training**
 - i. Providing law enforcement information for departments within the State.
 - ii. Providing training and certification for police officers and sworn officials throughout the State.
 - iii. Providing a roster of potential resources of sworn officials that may be utilized in state emergency situations.
- h. **County Sheriff Departments**
 - i. Providing available County Deputies for law enforcement activities.
- i. **Office of the Attorney General**
 - i. Providing legal assistance including the laws pertaining to public safety, security and law enforcement.
- j. **N.H. National Guard**
 - i. Providing N.H. National Guard personnel for security and law enforcement duties.

C. COORDINATION WITH OTHER EMERGENCY SUPPORT FUNCTIONS:

All ESFs will coordinate, as appropriate, with other ESFs by providing:

1. Notifying partners of available resources, including meeting specialized needs and requirements.
2. Providing availability of subject matter experts for specialized requirements.
3. Coordinating all communications and messaging to the public through the PIO/JIC.
4. Assisting with debris removal.

5. Notifying partners of availability of facilities/assets that may be used for repair, refueling, servicing, storage, collection and staging areas.
6. Setting and maintaining of public safety/security perimeters.

D. SEOP HAZARD-SPECIFIC INCIDENT ANNEXES WITH ESF #13 RESPONSIBILITIES:

- Terrorism
- Radiological Incident at Nuclear Power Plant
- Hazardous Materials
- Public Health Emergency

I. FEDERAL RESPONSE INTERFACE/STATE & INTERNATIONAL MUTUAL AID

When public safety and law enforcement needs exceed the capability of the State, with the approval of the Governor, the ESF #13 Lead Agency will coordinate activities with the lead Federal agency for ESF #13 under the provisions of the *National Response Framework (NRF)*. State and International Mutual Aid agreements (EMAC/IEMAG, etc.) may also be activated as the situation warrants.

ADMINISTRATION AND LOGISTICS

A. POLICIES:

1. All agency and ESF Plans provide for administrative and logistical support necessary to maintain a 24-hour, 7 day a week, sustained operation.
2. Administrative and logistical support of operational field elements are the responsibility of each participating agency.
3. Provision is made by each participating agency to record all resources used in support of the emergency operation and provide such information to the Finance and Administration Section for consolidation and recording.
4. Participating agencies will be notified when threshold levels are reached for implementation of any federal assistance programs or requests from mutual aid compacts.

B. NOTIFICATION AND REPORTING:

1. Notification

- a. The N.H. State Police, a municipality or State Agency will notify HSEM that an incident has occurred, or has the potential to occur, that threatens or impacts an area of New Hampshire. HSEM will gather information for on-going situational awareness and notify ESFs, as appropriate.
- b. HSEM personnel will make the decision to activate the SEOC and determine level of activation.
- c. If SEOC activation is determined to be necessary, the HSEM Agency Liaison will notify the ESF Lead Agency of the activation and request designated personnel to report to the SEOC or to remain on stand-by.
- d. The Lead Agency will then notify the appropriate ESF Support Agencies and determine coverage/duty roster for the ESF desk in the SEOC. WebEOC will be utilized to provide continuous situational awareness.
- e. All ESF agencies will make appropriate notifications to their appropriate regions, districts or local offices.

- f. The above notification process will be utilized for all phases of activation and activities in which the ESF will be involved.

2. Event Reporting

- a. Event and position logs should be maintained by each ESF agency in sufficient detail to provide historical data on activities taken during the event.
- b. Agencies are also expected to keep their Lead Agency updated upon all activities and actions.
- c. The Lead Agency will be responsible for making periodic reports to their Sections on activities taken by ESF #13, in total, during the event and assure they are properly documented.
- d. All financial reporting will be done through the ESF #13 Lead Agency on behalf of their support agencies. All financial management documents must comply with standard accounting procedures and applicable agency, State and Federal guidelines, rules, standards and laws.

3. Agreements/MOUs, etc.

Lead and Support Agencies will maintain up-to-date agreements and Memorandums of Understanding, Letters of Agreement (MOU/LOA) with various other agencies, regions, states or countries, as appropriate. Each agency is responsible for keeping these documents updated and with appropriate points of contact. Support Agencies should keep the Lead Agency informed of any such agreements which may impact resources or capabilities during an emergency incident. The State of New Hampshire also maintains agreements and mutual aid compacts on behalf of various organizations. These may be activated as the situation warrants.

DEVELOPMENT, MAINTENANCE AND IMPLEMENTATION OF ESF/SEOP

A. RESPONSIBILITIES

Development, maintenance and implementation of this Appendix rest with the Lead Agency in consultation and collaboration with the Support Agencies.

B. CORRECTIVE ACTIONS

Following each activation, exercise, etc. in which this ESF has been activated, an After-Action review should be conducted by the Lead Agency with the appropriate Support Agencies. A Corrective Action/Improvement Plan should be developed and incorporated into the ESF response activities when updated.

C. UPDATING & REVISION PROCEDURES

The primary responsibility for the development and maintenance of the State Emergency Operations Plan belongs to HSEM. Assistance and input will be sought from all ESF Agencies.

Updating and maintenance of this ESF Appendix rests with the Lead Agency. Coordination, input and assistance should be sought from all the agencies involved in the ESF activities. An annual review of the Appendix should be conducted with information provided to HSEM for incorporation into the next SEOP scheduled update. This does not preclude the incorporation of any changes immediately into the ESF Appendix. If information collected is of serious enough nature to require immediate revision, HSEM will produce such a revision of the SEOP ahead of schedule.

II. ATTACHMENTS

A. PLANS

1. Lead and Support Agency Plans & Procedures maintained individually.

B. LISTINGS/MAPS

1. Maintained by Lead & Support Agencies

C. MOUs/LOAs
